e. Comments

(Sooke MHA's competitive teams may be given 1 extra early morning practice per week and 1 extra game slot per month. The player's level of commitment is higher than in recreational hockey and players are expected to attend all practices and games, unless they have a valid reason. Players will be assessed a rep fee to cover the cost of the extra ice. Female competitive teams may play in boy's leagues if they do not have a girl's league to play in or they may be required to play in a girl's league where they would be required to do additional traveling up island.)

13. There is some discussion taking place about the possibility of forming a south island "Female Minor Hockey Association", separate and apart from the local home associations. What this means is the Breakers A programs as well as south island female recreational programs would all run out of one *female only* Minor Hockey Association, with the intent to purchase ice from all participating local rec centres. The intent would be that all recreational teams would be formed from players living in the closest proximity and hosted from nearby arenas. Would you be in support of our Sooke Female Program joining with the other south island female organizations to form "Female Minor Hockey Association"? Yes No . Why or why not?

14. Do you have any comments regarding a proposal such as this regarding Sooke's participation in an all "Female Minor Hockey Association"?

NOTE: If Sooke chooses NOT to participate in an all "Female Minor Hockey Association", our female players would still be eligible to try out for any A teams that this association may card, if Sooke is not carding a team in category.
